GOODWIN'S WEEKLY

Governor Hiram W. Johnson of California, the Progressive candidate for Vice President of the United States, will deliver an address at the Salt Lake theatre on the night of Wednesday, Aug. 28.

All those who wish to hear this noted national character expound the Progressive doctrines are invited to attend. It will be more than worth while. Governor Johnson is a splendid orator and is one of the brilliant leaders in the new political order.

Next Wednesday will see the first big assembling of Bull Moose in the present campaign. A great reception will be accorded this standard-bearer, and later the other will be welcomed to Utah.
